

PREMIER DEAD SEA ELEMENTS

WHAT MAKES US SPECIAL:

Premier Dead Sea's world renowned scientists have taken the wisdom of the Dead Sea and the latest advances in technology to deliver harmonious and synergetic benefits to your skin and life.

DUNALIELLA **BREATHING LIFE** In the dead sea

DUNALIELLA SEAWEED

This exclusive seaweed was found floating along the briny waves in the Dead Sea. This micro-algae is the only living organism that can survive in the hostile waters and it is highly concentrated in proteins, vitamins, lipids, and essential fatty acids that are essential in nourishing and repairing the skin.

CRYSTAL MINERALS

Mineral rich waters in the dead sea

DEAD SEA SALT **From just one place in the world**

Salt from the Dead Sea is unlike any other salt on earth. The salt is cogent in relieving skin ailments and nourishing skin. The high level of magnesium in the salt is instrumental in assisting in skin hydration and reducing any inflammatory problems while calcium, potassium, and chloride all firm and lift skin. Our purified salt is found in our scrubs, bar soaps, and nourishing cleansers.

MINERAL RICH MUD A natural skin remedy

BLACK DEAD SEA MUD

The medicinal black mud is a mineral-rich medley of organic elements retrieved from the shoreline of the Dead Sea. The mud is known to improve blood circulation, detoxify, and smooth and soften skin.

AGE DEFYING

PLANT STEM CELLS

These undifferentiated cells are a vital ingredient in our facial serums to help rebuild skin and unlock all hydrating components in face creams and moisturizers.

They also have an unprecedented anti-aging effect.
Plant stem cells in particular have the ability to renew and replace cells that are dead or have been damaged.

LIPOSOME COMPLEX

The liposome is a unique vesicle composed of phospholipids that are engineered by Premier scientists from soy.
The liposome is used to administer nutrients in skincare ingredients to unlock their full potential.
The laboratories of Premier utilize the powers of the liposome to make each skincare formula potent and active.
